

Dear Ian,

The Triumph Tiger was superb and having ridden many bikes over the last 39 years and having raced in the Australian Superbike Championships I literally can not think of a bike I would rather ride in Tasmania. The Tiger was comfortable (a big one when you get to my age!), fast and handled like a dream. It never missed a beat. And the responsive engine was unbelievable even at low revs! What a joy to ride. I couldn't wait to "get my leg over" every morning and go in search of more twisties and sweepers. Thanks again.

Yours, Tom Poland
